Summary of Distribution and Uses of NSP Funds:

NSP 3 funding is to be used for the Acquisition and Rehabilitation of Foreclosed, Vacant properties located in the designated Area of Greatest Need. Upon completion, the houses will be made available for sale to those income eligible households at 120% or less of the Area Median Income.

LMMH (75%)	\$ 808,557.00
LH25 (25%)	\$ 310,984.00
Administration	\$ 124,393.00
Total Grant	\$ 1,243,934.00

How Fund Use Addresses Market Conditions:

The City of Hammond utilized various data sources to determine the areas of greatest need. According to RealtyTrac data (2009) Indiana's foreclosure rate ranked No. 11 out of the 50 states for all of 2008, with 1.67 percent of all housing units receiving a foreclosure filing during the year. Lake County ranks second in the state in the number of foreclosed properties in December 2010 (323 foreclosures) and in December 2010, Hammond ranks first of the three large older industrial cities and second overall of all cities and towns in Lake County (RealtyTrac data). In doing a geographical comparison, the following graphically demonstrates the high continuing rate of foreclosure activity in the City of Hammond's zip code 46324, (which is where the targeted neighborhoods the city is requesting NSP3 funding). in comparison with the state, county and city averages. According to data collected from the county's Sheriff's office and geo-coded by the City of Hammond's Mayor's Housing Task Force, during calendar year 2010, the number of foreclosures in the City of Hammond totaled 717.

(Note: The Sheriff's Foreclosure Sales Listings were provided by the Lake County Sheriff's Office. Based on that data the district with the highest area of foreclosure activity is the Fourth District, the District in which the target area of greatest need is located.) The following is a list of year-to-date (January 2010 - December 2010) list of foreclosures by the City of Hammond Common Council District:

The targeted area the City selected, received 647 mortgages from 2004 through 2007. The total number of housing units in the targeted area is 1836; a certain number of these housing units may be rental. During the 2004-07, three year period, this targeted neighborhood had over one third of its housing units or 35%, receive new mortgages. Of these new mortgages 38.82 % (261) are described as high cost mortgages. This condition may further support the high foreclosure rate in the targeted area. Homes that are 90 or more days delinquent total 11.28% or approximately 207 homes. In the past year there have been 48 foreclosure starts in the targeted area.

The Area of Greatest Need is located in City of Hammond's 4th Council District as indicated by the "blocks" identified in the NSP3 Mapping Tool Detail, pages 2 and 3, Blocks Comprising Target Neighborhood. The area is physically bounded by 169th Street on the North, Calumet Avenue on the East, and Harrison Avenue on the West through 173rd Street on the South, then from 173rd Street on the North to River Drive on the South, Harrison Avenue on the West, and Columbia Avenue on the East.

Included in the selection criteria for determining the target area is the potential resale of acquired and rehabilitated properties. The targeted area and its immediate vicinity have accounted for 47.69% of the total residential properties sold in Hammond for the years 2008, 2009, and 2010. Using 2008 as the base year, that area is the only sales market area in Hammond that has reflected an increase in "Days On Market (DOM)." Whereas other sales market areas in Hammond reflect slightly decreased DOMs, the sales market area in which the targeted area is located has shown an increase of 9.35% (10 days) in DOM. Over the same 3 year period, that sales market

How Fund Use Addresses Market Conditions:

area has shown an 8.55% decrease in sales price or \$6,844 per unit. However, what continues to support this area as the prime basis for a successful program is that it continues to attract a comparatively greater proportion of new homebuyers in Hammond. This program will have a greater impact by rehabilitating 11 foreclosed, abandoned or vacant properties for that reason. This will reinforce to the prospective home buyers that the neighborhoods in this designated area continue to be viable and an attractive area in which to purchase an affordable house. The Sales Market Data was provided by a local realtor from the Multiple Listing Data Base.

An important and attractive marketing and selling point to prospective home buyers in Hammond is that all Hammond homeowners who have children that attend school for at least 6 years, and have met the program's grade requirements are eligible to receive free college tuition for 4 years through the City's College Bound program. This City program may further reinforce some borderline homebuyers to purchase a home in this area.

- 1. First District 79 YTD
- 2. Second District 96 YTD
- 3. Third District 105 YTD
- 4. Fourth District 160 YTD
- 5. Fifth District 128 YTD
- 6. Sixth District 149 YTD

Ensuring Continued Affordability:

The City of Hammond will ensure continued affordability for NSP 3-assisted housing by adopting the HOME program standards at 24 CFR 92.252 (a), (c), (e), and (f) for rental units and 92.254 for homeownership units.

The affordability period for NSP 3-assisted acquisition or acquisition/rehab of rental and homeownership units will, at a minimum, meet the HOME standard:

Per-unit NSP 3 Assistance	Min. Affordability Period
up to \$15,000	5 years
\$15,000-\$40,000	10 years
above \$40,000	15 years

Definition of Blighted Structure:

Blighted Structure:

A structure will be considered blighted when it meets the following Indiana Unsafe Buildings and Unsafe Premises condition as defined in Indiana Statue condition:

IC 36-7-9-4 Unsafe buildings and unsafe premises described Sec. 4.

(a) For purposes of this chapter, a building or structure, or any part of a building or structure, that is:

- (1) in an impaired structural condition that makes it unsafe to a person or property;
- (2) a fire hazard;
- (3) a hazard to the public health;
- (4) a public nuisance;
- (5) dangerous to a person or property because of a violation of a statute or ordinance concerning building condition or maintenance; or
- (6) vacant and not maintained in a manner that would allow human habitation, occupancy, or use under the requirements of a statute or an ordinance;

are considered unsafe premises.

(b) For purposes of this chapter:

- (1) an unsafe building; and
 - (2) the tract of real property on which the unsafe building is located;
- are considered unsafe premises.

(c) For purposes of this chapter, a tract of real property that does not contain a building or structure, not including land used for production agriculture, is considered an unsafe premises if the tract of real property is:

- (1) a fire hazard;
- (2) a hazard to public health;
- (3) a public nuisance; or
- (4) dangerous to a person or property because of a violation of a statute or an ordinance.

Definition of Affordable Rents:

For the purposes of the NSP program, the City will utilize the definition of High-HOME rents from the HOME Investment Partnerships program: Efficiency, \$537; 1 BR, \$669; 2 BR, \$816; 3 BR, \$975; 4 BR, \$1,006; 5 BR, \$1157; 6 BR, \$1,308

Housing Rehabilitation/New Construction Standards:

All rehabilitation under the NSP 3 program will utilize the same rehabilitation standards used for its HOME-funded Owner-Occupied Rehabilitation Program. These standards are based upon local housing codes and comply with the 2003 International Residential Code, with Indiana Amendments, and specifically Appendix J (Existing Buildings and Structures). Structures with more than two units must comply with the IBC with Indiana Amendments In addition, effective May 6,2010, Indiana Energy Conservation Code 2010 (ASHRAE 90.1, 2007 edition, as amended) where applicable. All gut rehabilitation or new construction (as defined by HUD) of residential buildings up to three stories will be designed to meet the standard for Energy Star Qualified New Homes. Other rehabilitation will meet these standards to the "extent applicable" to the rehabilitation work undertaken, e.g., replace older obsolete products and appliances (such as windows, doors, lighting, hot water heaters, furnaces, boilers, air conditioning units, refrigerators, stoves, clothes washers and dryers, and dishwashers) with

Energy Star-46 labeled products.

Vicinity Hiring:

Vicinity Hiring. The jurisdiction certifies that it will, to the maximum extent feasible, provide for hiring of employees that reside in the vicinity of all NSP3 funded projects or contract with small businesses that are owned and operated by persons residing in the vicinity of NSP3 projects. The City of Hammond will make attempts to see that persons and/or companies from the NSP 3 target areas are engaged and/or hired. Given the target area is primarily residential, this may present some challenges to hire businesses specifically in the targeted area. But because much of our community has substantial number of low to moderate income census tracts corresponding to its residents, if qualified residents are available and new hires are being sought we believe employment opportunities will develop. The City of Hammond has long defined the hiring preference "vicinity" for the CDBG program to be all of Hammond. It will use this same definition of "vicinity" for NSP 3 as a preference. The City will detail in advertisements for contractor, and in construction contracts, the requirement that contractors must make a "best faith effort" to meet Section 3 goals and standards when hiring new employees for NSP 3 projects. Quarterly reports will be maintained by the City to determine as to whether Section 3 and Vicinity Hiring goals are achieved, and by whom.

The City has initiated the outline of a Work Force Program which will provide OSHA Safe Work Place Practices training to made available to City of Hammond residents. Names of participants completing the training will be made available to all contractors for NSP related projects and activities.

Procedures for Preferences for Affordable Rental Dev.:

Rental Preference:

At this time with this application, the City of Hammond does not intend to utilize a rental program for the properties being acquired in the target area. The Hammond Housing Authority has undertaken a reconstruction and rehabilitation of existing structures and currently offers in excess of 390 rental units in a complex immediately adjoining the targeted area. In addition, Hammond Housing Authority also owns, maintains, and manages an additional site complex in the City of Hammond with 199 rental units located approximately 3 miles North of the targeted area. Historically The City of Hammond has stated that an estimated 65% of its 38,000 housing units were owner occupied, with the remainder being rental. Typically cities and towns to the South of Hammond have owner occupancy rates of an estimated 75%. With NSP1 and its Down Payment Assistance Program, the City of Hammond has noted an increased demand for home ownership. In 2 years of providing down payment assistance, the City has assisted an estimated 200 households with home ownership. The increased demand for home ownership may partially attributed to the City's College Bound Scholarship Program. The Program basically allows the children of Hammond residents (home owners) to obtain college tuition for 4 years at an annual amount equal to that of a State University. The Program does have conditions of eligibility relating to students' Grade Point Averages in High School and the college they choose to attend.

Overall Progress Narrative:

Although property foreclosure activity continues to increase in the Hammond NSP3 Target Area, a limited number of properties remain being made available for sale through the local Multiple Listing Service (MLS) and through NCST by the Lenders. As of 9/30/13, NSP 3 has acquired 6 vacant foreclosed single family dwellings in the NSP 3 Target Area. Demand for NSP properties in the NSP 3 Target Area has remained static. 1 completed property (909 175th Street) was sold within 2 weeks of completion. Another property (7403 Oakdale Avenue) had a pre-approved qualified prospective buyer approximately 4 weeks prior to completion. A 3rd property (7417 Maplewood Avenue) has a pre-approved qualified prospective buyer approximately 4 weeks prior to completion. 7417 Maplewood Avenue will be published for sale with a Public Notice upon receipt of appraisals stating its Fair Market Value. Through 9/23/13, NSP 3 Expenditures total \$775,526 or 62.35% of the NSP 3 Grant Amount of \$1,243,934. With an estimated \$238,000 remaining to be expensed in bid awards for work to be completed, 81.48% of the NSP 3 Grant Amount is expected to be expensed by 2/15/14. A minimum of 2 NSP 3 property acquisitions by 12/1/13 are necessary, together with Abatement and Rehab expenses, to attain the goal of expending 100% of the NSP 3 Grant Fund by 3/15/14.

NSP 3 Properties currently in process are as follows:

- 1) 7403 Oakdale Avenue- 7/26/13, sold and closed for the List Price of \$110,000 to a Qualified HUD Household Income Buyer.
- 2) 909 175th Street- 7/30/13, sold and closed for the List Price of \$107,500 to a Qualified HUD Household Income Buyer
- 3) 7417 Maplewood Avenue- 10/21/13 - estimated completion date, has a qualified prospective buyer, awaiting appraisals to determine Fair Market Value/Listing Price.
- 4) 7345 Jarnecke Avenue - Abatement completed and Clearance obtained, in the process of Rehab, estimated at 40% complete
- 5) 7116 Woodlawn Avenue— Acquired 7/29/13, Abatement and Rehab contracts awarded on 9/7/13, Abatement completed and Clearance obtained on 10/18/13; Rehab to start by 10/25//13.
- 6) 7526 Jarnecke Avenue — Acquired 8/26/13, Abatement and Rehab contracts totaling \$81,913 to be awarded on 11/5/13, with the Abatement process to begin on or about 11/12/13.

A key component to the Bid Awards, in addition to price, was to consider the awarding of bids to General

Contractors who have the capacity to initiate the rehab process within 30 days of acquisition and complete the process in a timely and efficient manner, subsequently allowing expenditures to be paid as quickly as possible

PROPERTY ACQUISITION/IDENTIFICATION TO HOUSEHOLD INCOME ALLOCATIONS - Per the monthly Lake County Sheriff's Sale Report there were an estimated 15 properties in the City of Hammond's 4th Council District going to sale in 10/13, 9 of which are in the NSP 3 Target Area. Of the 11 that went to sale in 9/13, 10 were in the NSP3 Target Area, of the 11 properties that went to sale in 8/13, 8 were in the NSP3 Target Area. Through reports dating from 1/13 through 10/13, there were 132 properties in the City of Hammond's 4th Council District scheduled for Lake County's Sheriff's Sales, representing 2.28% of Housing Units in that District. Through that time frame, the Foreclosure rate in the City of Hammond is 1.90% of the total Housing Units. The NSP Target Area remains one with a large number of vacant, foreclosed houses which have a detrimental impact on houses there, both from a marketability and valuation stand point.

All properties acquired through NSP 3 funding are intended to be available for sale to any buyer qualified under the NSP HUD Household Income Guidelines, allocating and targeting a minimum of 25% of that funding to buyers with Household Incomes at or below 50% of the Area Median Income. A large part of the NSP 3 Target Area is located in the 0217.00 Census Tract of Hammond IN. The population of that Census Tract has been identified through Census Data as being a Middle Income Tract Area. However, Census Reporting also indicates that the 2010 Tract Median Household Income is \$45,764 or 69.23% of the MSA Area Median Income of \$66,100.

Properties acquired and rehabbed in that Target Area typically have current "completed" Fair Market Values ranging from \$92,000 to \$115,000. A Low Income Household of 4 with an annual income of \$31,400 may be identified as a prospective buyer for one of these houses. A mortgage payment can be expected to be as follows: a \$100,000 mortgage principal amortized over a 30 year period with monthly payments of \$727.04. The monthly payment may be broken down as: \$449.04 in Principal and Interest, \$125 to Real Estate Tax Escrow, \$80 to Homeowners Insurance Escrow, and \$73 to possible PMI/FHA Insurance premiums. The Debt to Income ratio for this buyer would be 27.78%, well within prudent lending standards. The mortgage amount may vary to a lesser amount with the utilization of an Affordability Assistance Allowance (AAA). The AAA may be used for down payment and closing cost expenses in an amount of 20% of the Purchase Price to a maximum of \$25,000.

Impediments to NSP 3 Property Acquisitions - A major impediment to the acquisition of NSP3 properties has been the minimal number of properties made available by lender/owners. Although the Target area has shown a large number of foreclosures, the number of properties made available for purchase has been substantially lesser in number. In properties made available for acquisition/purchase, NSP staff has been unable to acquire properties due to purchase price values, with the lender/owners stating values higher than those determined by the NSP staff. NSP staff values are determined by current Fair Market Values as stated in independently completed URAR appraisals.

Activity Description:

NSP Eligible Use B: Acquisition and Rehabilitation - This Activity will consist of identifying and acquiring vacant foreclosed single family residential properties, then reconstructing those properties in accordance with applicable guidelines. The upgraded property will then be marketed for sale to Low, Moderate, and Middle Income Households with a total Household Income not exceeding 120% of the Area Median Income (LMMIH75, 75%).

Location Description:

The NSP 3 Targeted Area is bounded by 165th Street to the North, River Drive to the South, Harrison Avenue to the West, and Columbia Avenue to the East.

Activity Progress Narrative:

NSP staff continues to seek viable opportunities for property acquisitions through NSP 3. Local lenders, NCST, as well as realtors through the local Multiple Listing Service are among those targeted as prospective property sellers. Typically there are approximately 10 single family residences foreclosed on in the Target Area each month. A number of those properties remain vacant, and others are being rented or leased , some with Rent to Own opportunities for the tenants. There continues to be an avid interest on behalf of prospective home buyers in purchasing NSP properties. Prospective buyers of NSP properties are referred to NSP staff through a number of sources, among those being real estate agents, mortgage lenders, Home Owner Education providers, and referrals by existing owners of NSP properties. The NSP Household Income Guideline (120% or less of the Area Median Income adjusted for household size) is a factor for the demand for NSP houses, as is the consistent quality of the rehab on NSP houses, and the 20% Affordability Assistance Allowance. It should be noted

however, that there has yet to be a NSP property sold to a buyer with a household adjusted income exceeding 80% of the Area Median Income.

City of Hammond NSP staff expects to attain its NSP 3 goal of 6 properties sold and closed for this National Objective prior to March 15, 2014.

NSP 3 Properties Sold and Closed through 9/30/13:

7403 Oakdale Avenue, 7/26/13, Sold/ closed for \$110,000 to a qualified HUD LMMI(75)% Household

909 175th Street, 7/30/13, Sold/closed for \$107,500 to a qualified HUD LMMI(75)% Household

Activity Description:

NSP Eligible Use B: Acquisition and Rehabilitation - This Activity will consist of identifying and acquiring vacant foreclosed single family residential properties, then rehabbing them in accordance with applicable guidelines. The completed properties will then be marketed for sale to Low Income Households with a total Household Income not exceeding 50% of the Area Median Income (LIH25, 25%).

Location Description:

The NSP 3 Targeted Area is bounded by 165th Street to the North, River Drive to the South, Harrison Avenue to the West and Columbia Avenue to the East.

Activity Progress Narrative:

As with the City of Hammond NSP 3, 3.2(LMMI75%) Allocation, NSP staff expect to attain or exceed its NSP 3 goal for the NSP 3 5.2 (LIH25%) Allocation prior to March 15, 2014. Although no NSP 3 properties have been sold to date to a LIH25% Household, there is currently a prospective LIH25% buyer. The buyer has been pre-qualified/approved for a mortgage loan and is scheduled to attend the HUD-required Home Ownership Workshop. Upon full execution of a Purchase Agreement, it is expected that this sales transaction to a LIH25% buyer will close prior to 11/30/13.
