Motion by Mr. Smith to continue this matter to October 29, 2015; seconded by Mr. Dostatni. AYES ALL. Motion carried. (Ins. No. 15-943)

Hearing on property located at 1010 Hoffman Street. Attorney Curtis Vosti appears for the property owner. Mr. Vosti said the initial complaint the City filed in 2013 was dismissed and filed again in May of 2015 as a result of an inaccurate permit history. Mr. Nick Farrell, Inspector, Code Enforcement, said the property was illegally converted to a four (4) unit without permits and Code Enforcement is requesting it be turned back to a two (2) unit. Mr. Kurt Koch, Building Commissioner, was sworn in prior to testifying that the building initially was a restaurant or bar on the bottom floor with a storage room in the back with the owners living on the second floor. Mr. Koch then said the first floor could be made into two (2) units but zoning would not allow for the second floor to be considered another unit. Mr. Koch then said there is no fire separation between the walls, there is forced air heat which does not heat the second floor both which do not meet code. Mr. Koch said in 1920 the property was listed as a two (2) story structure with the bottom floor

being commercial and the second floor being residential and then changed in 1953 to the bottom floor being residential then in 1969 being listed as a four (4) unit without there being any permits issued to convert to add additional units. Mr. Vosti objected to the testimony saying there is no reliability in what was being said. Mr. Vosti then said there was a permit issued in 2006 which was not mentioned by Mr. Koch who said his decision was based upon the permit history. Mr. Vosti said he received the permit history from his client, not the City. Mr. Krusa asked if Mr. Vosti's client would find it feasible to the decision the building be a three (3) unit. Ms. Rosa Thompson, property owner, then addressed the Board. Ms. Thompson said she has owned the property for forty four (44) years, bought as a four (4) unit, only rents to people with no felony convictions, keeps the property clean and spent \$30,000 to \$40,000 on repairs already. Ms. Kantar asked if Ms. Thompson had receipts for the repairs. Ms. Thompson said that she did not. Mr. Vosti said that he has written and received a response from Homeland Security. Mr. Vosti then presented a Fire Department report showing an inspection which showed the property being a three (3) unit. Mr. Koch said current code applies to the older building because there were no permits issued at the time the additional units were added. Mr. Vosti said there were permits issued, 1010 Hoffman Street has always been a four (4) unit, the permit list the Inspections Department is using is inaccurate, zoning was not implemented until 1982, Ms. Thompson is a dedicated landlord, he questions why the Notice of Violation was dismissed and refiled, he is requesting a motion to strike the permit log and that his client to be reimbursed for court costs and for the Board to stop harassing his client. Motion by Mr. Smith for the Board to issue Findings in this matter within thirty (30) days; seconded by Mr. Dostatni. AYES ALL. Motion carried. (Ins. No. 15-944)
